To whom it may concern

**RE: POULTRY MANURE FROM PROPOSED POULTRY UNIT AT CWM FARM, ABERHAFESP,
NEWTOWN, POWYS, SY16 3JD**

I wish to confirm that should the application for a new poultry unit at Cwm Farm, Aberhafesp be successful that I will be able to take a suitable amount of poultry manure to apply to my farm land as an organic fertilizer.

The total acreage available is 130 acres of which 120 acres is spreadable and this will be after complying with areas upon which I cannot spread upon due to the proximity of watercourses or as a result of the topography of the land.

This will be beneficial to my business as there is a large saving to be made using poultry manure in comparison to the cost of bought in fertilizer.

Should you require any further information please do not hesitate to contact me.

Yours faithfully

DAVID JONES
